WATCH COUNCIL NEWS

WATCH Council has undergone a positive transformation in recent times, thanks to the extended program hours in the afternoon. Apart from sharing news and discussing various topics, council has more time to engage in activities that foster strength in personal growth and development. To date council has been involved with scavenger hunts, making treats and playing games. They are also looking forward to getting involved in footy day and Melbourne cup preparations.

CEO'S MESSAGE

WATCH is currently running at full capacity and with the hours extended to three thirty, our clients are benefitting from the increased time in programs.

We are fortunate to have three new staff join our team, who all bring a wealth of experience with them to share with our clients.

Our mid cycle Audit review has been completed and I would like to thank the clients and families who participated in the Audit.

New Faces at WATCH

It's our pleasure to welcome our 3 newest Staff members to WATCH!

John B

Zuhra

John K

Welcome our two new Participants

Jack

Greg

We have loved meeting and getting to know our two newest participants. Jack loves going out and about on the bus, especially to bowling where he is the one to beat. Jack also has a massive collection of Dolphin torches and loves giving them away to his new friends at WATCH. Greg loves exploring new places and loves to chat about all his adventures with his new friends. Greg gives the best elbow hello's and its great seeing his smiling face.

Behind the Mask!

The Inspire program have come up with their own set of hard hitting questions for one of WATCH's Long term and favorite staff members!
